3RD TRANSNATIONAL PROJECT MEETING

PROJECT PARTNERS MET IN CAGLIARI

The Partnership met to **discuss the results of the pilot** conducted in each partner country and **plan the necessary adjustments and changes** to make the FakeNews&Elders platform course and manuals better **meet the expectations of seniors and trainers working with them.**

We also took part in a **conference** where we discussed the results of the project **with academics from the University of Cagliari.**

PILOTING UPDATE

In the last 2 months partners have conducted their **pilots with social workers and seniors to test the materials developed**. It helped us tremendously to spot mistakes, get a different perspective and improve the materials.

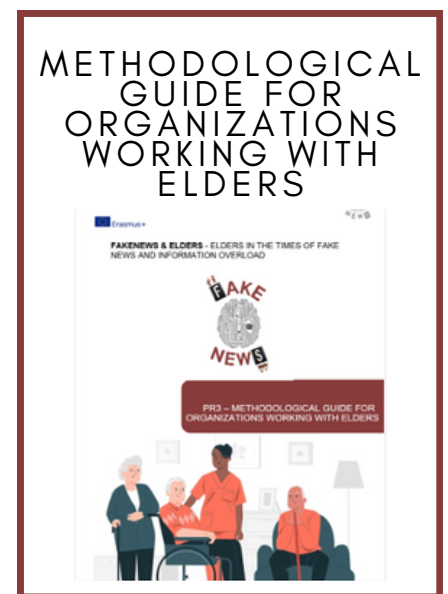

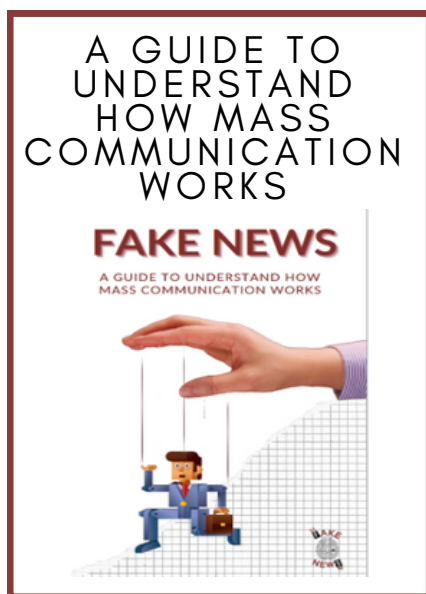

We caught the technical bugs and were able to customize the materials to the needs of the seniors and organizations working with them.

Do you want to get involved, be part of the project and test our materials? Find all the resources on our website and **let us know your feedback!**
