## BUILDING BRIDGES WITH STORIES, SONGS, AND SMILES

In the Work Package 2 we have just finished creation of materials – we have made a lot of **fun activities and scenarios for teachers** to be used in **pluricultural classrooms**.

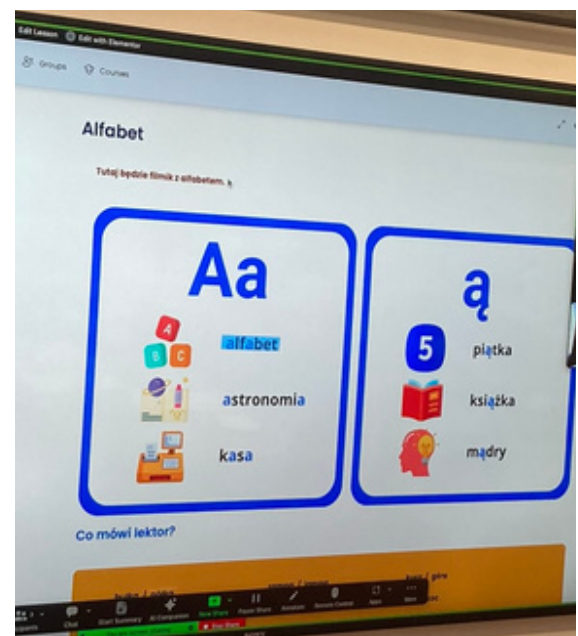

In the next phase we are going to **conduct workshops in schools** on topics like: music workshops, digital storytelling, cross-cultural cooking, plastic arts, sensorimotor learning, welcome to my dreamland or tandem learning.

Are you interested in doing the workshops in your school?

**Let us know!**

## WHAT CAN YOU LOOK FORWARD TO NEXT?

- content for **podcasts** and other materials **for teachers**.
